## “Can We Universalize the Localized Peace Education?”

February 24, 2023 (Fri.)

10:00 pm – 12:00 am JST (GMT +9:00)

\* Please register by 6:00 pm JST on February 23, 2023 (Thu.)

### Online symposium (via Zoom) in English

This symposium will discuss the universality of localized peace education. Peace Education in Hiroshima has been developed as anti-war, or more specifically anti-nuclear weapon education. We learn, indeed, the cruelty of the atomic bomb from Peace Education in Hiroshima. It is, however, less applicable as peace education. We will discuss how peace-oriented educational activities implemented in various local contexts have the potential to build peace in society.
